For North Carolina—Fair Tuesday, cooled in west portion; Wednesday, fair, varisble winds.

Living the simple life—the man who has to stay home and read to his wife when a show with a big chorus comes to town.

The British authorities keep cholera out of their cities by the same means which we do not employ to keep yellow fever out of our Southern ports.

The insurance company presidents were afraid of Bryan and Parker. It is almost as good as being President to have people like that trembling in their boots.

In Virginia they are trying to prove that a young man is crazy because he is always eating apples and hugging every girl that comes within his reach. He'll come out all right. I they could prove that he hugs the apples and eats the girls, he would be sent right off to the lunatic asylum without any trial.

Upon the eve of his departure for Europe, Col. Bryan's injunction to President Roosevelt was "stand to your guns." Col. Bryan evidently thinks the President has a whole battery whereas Republicans in Congress will act like they regard the President's armament as nothing more than a blunderbuss.

The Southern cotton growers don't want to risk getting their prosperity out of the Republican party's protective programme but are pinning their faith to the militant scheme of the Southern Cotton Association. The people who grow the staple never were very rich on hot air but they are rath on wanting more butter on their bread.

If President Roosevelt goes to New Orleans on the 24th of October, the committee of arrangements there has decided to keep him out of the infected district. What pleasure will it be to the man who went down in the submarine boat to go to New Orleans unless he can go into Yellow Jack's den and make faces at him?

LOCAL DOTS.

—Other local on fourth page

—The office and residence of Dr. J. B. Cranmer has been removed to No. 615 Orange street. 'Phone 643.

—The monthly statement of cotton and naval stores is printed in the commercial columns of the Star to-day.

—There will be a meeting of the Woman's Auxiliary at the Y. M. C. A., in the parlors at 4:30 P. M. to-day.

—J. W. Mintz yesterday applied for a permit to build a one-story frame building on South Eighth street, between Wooster and Dawson.

—The new truck for Hook and Ladder Company No. 1 has been shipped from the factory of the LaFrance Steam Fire Engine Company, at Elmira, N. Y., and is expected to arrive soon.

—A telegram received in the city last night informed relatives of the death of Richard Howe, a son of the late John Harriss Howe, the well known colored contractor. The remains will be brought to Wilmington for interment.

—The school for trained nurses at the James Walker Memorial Hospital opened its Fall session last night under most favorable auspices. The number of pupils is gratifyingly large and the course of lectures prescribed is excellent.

—Mr. Walker Wilkinson, an organist and an experienced voice culture teacher of New York, gave a recital which was much enjoyed by a large congregation in St. James' church Sunday night. It is probable that Mr. Wilkinson may be induced to remain this Winter in Wilmington.

—A correspondent writes from Clinton, N. C.: "The season has been fine for picking cotton, and I think that over half of the crop is picked, and it is rushed to the market. There has never been such a rush to get cotton to the market here before, while the price is above 10 cents. There will be but little late cottton."

—Mayor Pro Tem. O'Brien presided over the municipal court yesterday. There were only five cases. Three defendants, for raising a disturbance on Kidder's Hill Saturday night, were let off with the costs. Robert Baldwin and Amanda Johnson, charged with disorderly conduct at Fourth and Harnett streets, made explanation, Baldwin being discharged and the woman being fined $5 and costs.

COMING ACADEMY ATTRACTIONS

"Fritz and Snitz" Thursday Night—Next Week's Offerings.

The comedians, Mason and Mason, in the big musical comedy entitled "Fritz and Snitz," under the management of Messrs. Broadhurst and Currie, will be seen at the Academy of Music next Thursday. It is heralded as one of the largest and most expensive productions of the season, as these well known stars are surrounded by a company of sixty people. The play is said to abound in fun from start to finish, being also interpersed with many new and tuneful musical gems. Not only is the piece rewritten up to date since last season, but the scenery and costumes are entirely new. Mason and Mason are too prominent as metropolitan stars to require any further commendation, but the management desires to impress that the chorus of show girls is one of the best drilled and most handsomely gowned of any musical production before the public. The sale of seats commences to-morrow morning at Plummer's. There will be no advance in prices.

"Hazel Kirke"—Next Monday night at the Academy. Jules Murry will present the distinguished American actress, Effie Ellisler, in a big revival of "Hazel Kirke," for which the town was billed yesterday.

"The Clansman"—As the date approaches for the appearance of "The Clansman" here to-night week, interest among theatre-goers is becoming intense. Almost a hundred applications for seats have already come from persons outside the city and no doubt the house will be entirely sold out for both matinee and night engagements.

L'ARIOSO GERMAN CLUB.

Organized by Election of Officers—Dance at Lumina.

L'Arioso German Club met last evening in the Masonic Temple and organized for the coming season, which promises to be quite as brilliant as its many notable predecessors. The election of officers resulted as follows:

President—Mr. H. M. Chase.
Vice President—Capt. C. McD. Davis.
Secretary and Treasurer—Mr. R. G. Rankin, Jr.

Governing Board—The above officers and Messrs. Thos. H. Wright, A. S. Williams, E. A. Metts and T. B. Willard.

The club is considering the practicability of giving its regular October german the latter part of the month at Lumina. The date will be decided at a meeting of the Governing Board Saturday night.

Souvenirs For School Children.

Wednesday afternoon between 3 and 5 o'clock a pleasant surprise will be in store for each and every school child who visits the big Masonic Temple store of Messrs. J. M. Solky & Co. Between those hours each child that visits the store will be given as a souvenir of his or her visit a school slate and school companion, the latter including pencils, crayons, etc.

ACT ON JU[illegible] REPORT

County Commissi[illegible] Will Investigate To-Morr[illegible]rge of Cruelty to Co[illegible]

REGULAR MEETING HELD

Sensational Paper Gone Over Carefully and Several Important Orders Passed Relative Thereto—Other Proceedings of Board.

The Board of County Commissioners will meet in special session at the Court House to-morrow morning at 10:30 o'clock for the purpose of investigating thoroughly that portion of the grand jury's report at last week's term of the Superior Court, dealing with the alleged cruelty to convicts at the county stockade at Castle Haynes. The inquiry, however, will not touch upon the charge as to Foreman Hocutt as the public presentment in the report of the grand jury takes that matter into the court, relieving the County Commissioners of any burden of investigation.

The report of the grand jury came officially to the attention of the Board of Commissioners at its regular monthly meeting yesterday afternoon and after some discussion, the action recited above was taken. If necessary the Commissioners will visit Castle Haynes in a body to pursue the inquiry to the fullest extent. When the report as to cruelty was read by Chairman McEachern at the Board meeting yesterday, several members made the point that an investigation by a grand jury is always on behalf of the State or the prosecution that being the ordinary method of proceedings. Superintendent Shearin, whom the grand jury recommended be severely reprimanded, had asked for an opportunity to defend himself and the Board was unanimously of the opinion that he should be heard with any witnesses he may have to testify as to his official integrity. It was ordered that Mr. Shearin be notified of the time and place of the further inquiry and he will be present Wednesday morning.

In this connection Commissioner Wm. F. Robertson offered the following which was seconded by Commissioner Vollers, viz:

"It shall be the duty of the superintendent of the convict camps to to keep a true and accurate record of all whippings administered to convicts, the name of convict, the date, cause for which punishment was made and name of guard or foreman administering the punishment."

Chairman McEachern said Superintendent Shearin had already provided himself with a record book for that very purpose, but he was glad to have the matter go on the books as an official act of the County Commissioners. The order was unanimously passed. Commissioner Robertson next offered the following:

"The body of no convict, person in custody of the county, or county charge, shall be buried before the county physician shall have examined same, and should the death appear to have been in any way sudden or unusual, the said official shall at once notify the coroner. In every case of illness and resultant death, full and detailed report shall be made to the Board of County Commissioners."

It was explained that practically the same regulations as outlined in the above order now obtain at the camp, but it was the unanimous opinion of the Board that a formal order to that effect should be made and rigidly enforced. The resolution was then unanimously carried.

Taking up other recommendations of the grand jury, it was decided that the proposed room for the grand jury upstairs is not sufficiently large and besides the sittings of the body so near the court room would interfere with the regular proceedings in the main court room.

As to the typewriter for the Clerk of the Superior Court, the Commissioners took the ground that the office was one supported by fees and it was not proper for the county to purchase a machine for that office. It was expressed as the opinion that the Commissioners would be liable to indictment if an appropriation for that purpose were made.

It was found impracticable to build an enclosed passage way from the jail to the Court House, but upon motion of Commissioner Divine, it was ordered that in the future the sheriff have prisoners brought in through the county enclosure and up the back steps of the Court House instead of around by the street, in contact with the public, as heretofore.

With reference to the separation of conicts at the camp, it was stated that the recommendation of the jury is impracticable; that it is done in no other county in the State nor in the penitentiary; that it would cost $1,000 extra for guard service. The convicts are now given separate sleeping accommodations in the same room but to build partitions would bring about a much greater expense for guard duty.

Telephones at the County Home and at the road convict camp were already being put in when the grand jury recommended the same.

Bids for county supplies are now called for annually and contracts so awarded as far as possible. Accounts of county officials are now audited regularly by the County Commissioners in lieu of an expert accountant as recommended. The county physician is already carrying out the recommendations of the jury as to frequent visits to the convict camps and County Home. The matter of the corrugated iron ceiling in the jail was referred to the Public Building Committee. As to the cell for a certain insane patient at the County Home, it was stated by Chairman Divine, of the committee in charge, that a contract had already been made for a concrete lined cell for the prisoner.

The Commissioners expressed themselves as highly favorable to the idea of a Recorder's Court, as recommended by the jury, and steps to establish one in this county will no doubt be taken by the next session of the General Assembly.

Routine Proceedings.

The Board met at 3 P. M. and all members were present except Mr. Alexander. Application of Weed Distilling Company for reduction of tax assessment on real estate in southern part of the city was referred to a committee composed of Messrs. Divine and Vollers to meet the assessors for conference and to report at the next meeting.

The Road Committee reported favorably on application of Hugh MacRae & Co., for change of road at Castle Haynes and the application was granted.

In the matter of the controversy with J. F. Garrell relative to old Court House property, the chairman and County Attorney made report, recommending that the proposition be not allowed. The recommendation was adopted and the clerk was instructed to notify Mr. Garrell.

The report of the Superintendent of Health showed that nine cases of diptheria occurred in the county during September; that 76 patients were treated in the office and 15 were visited at their homes during the month. One case of pneumonia, a few chills at the camp and one case of fever at the home constituted the acute sickness in the county institutions, which were reported in their usual good sanitary condition. Louis Jarman, an old colored lunatic, died at the Home in September. The superintendent thanked the committee for their very prompt action in repairing the bathing conveniences in the jail.

The Register of Deeds reported 12 white and 14 colored marriage licenses issued during the month. The report of the Keeper of the County Home was referred to the Finance Committee. The County Attorney reported the collection of $172.05.

J. N. Shepard was granted permission to transfer liquor license from northeast to northwest corner of Eleventh and Market streets.

Satisfactory excuse having been rendered, double tax on J. W. Telfair and Z. W. Whitehead was remitted.

Application of Mrs. M. Cronly for damage to house on Summer Rest used by county convicts there, was read and Mrs. Cronly was notified that the county would pay any actual damages.

Application of I. J. Sternberger for relief of taxes from property which he claims he does not own was referred to the Chairman and County Attorney for investigation and power to act.

Application of J. W. Millinor to be relieved of poll tax and jury duty on account of physical and mental disability, was granted.

Application of J. H. Kuck for division of tax assessment on certain property purchased from Mrs. Sheehan, was referred to a committee composed of Messrs. Divine and Vollers.

Celebrate University Day.

University Day will be observed here on October 12th, by former students of the University of North Carolina. Prof. C. Alphonso Smith, of the chair of English at the University has been invited to make an address upon "Life at the University To-day." There will be a few short speeches by local alumni. All old university students desiring to take part in the celebration will please notify the Committee on celebration which is composed of Marsden Bellamy, Jr., E. A. Metts and George Davis. Mr. C. W. Worth, is president of the local alumni association.

Syrian Clerk Injured.

Michael Roumalis, a Syrian employed in his brother's store, No. 9 North Front street, was severly hurt about 6 o'clock yesterday morning by being struck on the head by the bottom of a freight elevator, which fell from the second floor. The injured man was attended by Dr. W. J. H. Bellamy, and was carried to the living apartments of the family upstairs in the establishment.

Louis Chapman Dead.

Louis Chapman, for many years, employed by the firm of Morris Bear & Bros., in this city, died rather suddenly Sunday morning at 1 o'clock of apoplexy at his home, No. 1109 Davis street. The funeral will be conducted from the residence at 10 o'clock and the remains will be laid to rest in Bellevue cemetery. Mr. Chapman leaves a wife, but no children.

BOARD OF ALDERMEN

Much Routine and Unimportant Business at Regular Meeting Last Night

TENDER ENCAMPMENT SITE

Location on Summer Rest is Offered—Streets and Wharves Department—Purchase Fire Boat—Multitude of Other Matters.

Mayor Pro Tem. Martin O'Brien presided at the regular monthly meeting of the Board of Aldermen last night and a most excellent presiding officer he made. There was not an untoward incident during the entire session which lasted two hours and a half and during which a vast amount of routine and unimportant business was transacted. There was an encouraging tendency to refer trifling matters to the proper committee with power to act thereby obviating the necessity of threshing them out on open board.

All members of the Board were present at 8 o'clock when the meeting was called to order and after the reading of the minutes of preceding regular and special meetings, business was at once taken up. Alderman W. H. Yopp at first objected to a public record of the last special meeting, saying it was only a conference of the Board, but several members declared to the contrary and Mr. Yopp said if it was so understood he had no reason to press his objection.

President W. B. Cooper, Secretary James Kyle, Messrs. W. E. Worth, L. B. Rogers and W. A. French, Jr., of the Board of Directors of the Merchants' Association were present and through Mr. Cooper presented an ordinance to the Board tendering again to the State under the same conditions as before 101 acres of land on Summer Rest, provided the same is adopted as a permanent encampment site for the white troops of the State. The site with additional lands that may be bought and a cash consideration, to be raised by private subscription will be offered through the Merchants' Association as Wilmington's bid for the encampment site, pursuant to the invitation for proposals recently published by Adjutant General Robertson. Mr. Cooper, Mr. Worth and others of the delegation spoke of the great advantages of the permanent camp site here and the resolution or ordinance, tendering the land on Summer Rest was unanimously adopted by the Board upon motion of Alderman Moore.

Application of Supt. R. L. Thomas, of the Wilmington Cotton Mills, to lay a sidetrack to the mill down Dawson[illegible]et, was referred to the Streets [illegible]harves Committee with power

[illegible]. J. Bellamy, Esq., attorney for [illegible]y Mitchell, colored, a huckster front street market, asked the [illegible] to provide an extra stand for [illegible] among the others that were recently rented there. Chairman King, of the Market Committee, explained that one reason the stands rented so well the past week was because the number had been made limited and he thought it unjust to the present tenants, who had paid high premiums, to add competition now. The matter was referred to the Market Committee with power to act.

Upon recommendation of Chairman W. H. Yopp, of the Finance Committee, it was found impractical to reduce the license on private markets as the tax ordinance had already been made up for the current fiscal year and it was not deemed advisable to change the same at present. Later in the meeting application for renewal of license was read from all the private market owners and the applications were granted.

An exhaustive typewritten report of the Streets and Wharves, signed by Chairman O'Brien, was read by Alderman W. H. Yopp. Wharves at foot of Market street and below the market house were repaired during the month; temporary repairs were also made to the bridge over the S. A. L. tracks on North Fourth street but ultimately it was expressed as the intention of the authorities to have an iron or steel structure placed there by the railroad company. A concrete sidewalk has been laid in front of the new market house by the Cape Fear Paving and Construction Co., at a cost of $1.35 per square yard or $145 for the complete work. Glavin Bros., the contractors, stated that the repairs to the machinery at the city rock quarry will be completed by October 15th. It will then require 10 or 12 days to pump the water out of the quarry but the committee hopes to have material on the street by the last of the present month. One block and a half of the North Fourth street paving has been laid and the committee recommended an extra appropriation of about $2,500 for the construction of a drain made necessary by the pavement. City Engineer Matthew was present and submitted a map of the proposed drainage which he explained. The water from the railroad bridge to Brunswick street would be carried down the latter street to the river but beyond that point a drain would be laid from Brunswick to Nixon street, using 12-inch terra cotta pipe; thence down Nixon to Fifth, with the same pipe; thence from Fifth to Sixth with 18-inch pipe and thence to Howard street emptying into a natural drain with 24-inch pipe from Nixon; thence into Smith's creek. Mr. Matthew thought the drainage could be done for $2,400 by contract or a little less by the city's supervision. Taking the water that way instead of to the river, he thought, had the added advantage of draining all that section of "Brooklyn" and taking off an overflow of water that came down the Fifth street macadam. Mr. Johnson, who investigated the conditions there, took issue with the City Engineer and said the water could be taken off down Nixon street to a natural drain and on down to the river at a cost not to exceed $800, in his opinion. Later the drainage of the other street could be looked after when necessity required it. He was opposed to spending $2,500 or more when $800 or less would suffice. Mr. Moore asked what the city engineer was for if not to advise the Board on such matters and took Mr. Johnson to task for interposing his views against those of the city engineer and moved to refer to the Streets and Wharves Committee with power to act; seconded by Mr. Rathjen. Mr. Johnson moved as a substitute that the drainage be laid down Nixon to the river and that the other drainage be taken up later. Mr. Johnson's substitute, after further discussion was seconded by Alderman W. H. Yopp but was lost, Mr. Johnson alone voting in the affirmative. The motion of Mr. Moore was then submitted and carried, Alderman Johnson alone voting in the negative. During the progress of the debate a little tilt occurred between Aldermen Moore and King but the chair promptly ruled, on a point of order, and the incident passed off pleasantly.

The committee was authorized to proceed with the paving of Grace street, from Water to the river front. Bids for Belgian block, ranging from $38 to $47.50 per thousand with $15 additional for freight have been received for that work.

Mr. D. L. Gore, one of the abutting property owners, having refused more than an 18-foot roadway on Water street, the Board rescinded its action looking to the paving of that section of the thoroughfare, from Orange to Nun street, unless a 30-foot way is given the city. All the other property owners interested are understood to have agreed to a sufficiently wide street, Mr. Gore being the only exception.

It was stated that the Mayor had notified 27 property owners in the down town section that they must repair their sidewalks at once or action would be taken against them, pursuant to the new law constituting a lien upon the property for the work.

An extra appropriation of $140 for extra repairs to the machinery at the rock quarry was voted.

The matter of compensation for the city engineer was referred to the Streets and Wharves Committee with power to act.

Alderman Karr stated that at the last meeting in figuring up the assessment against the Fourth street property owners for their proportionate part of the vitrified brick pavement there, the rate had been made $1.00 per square yard as the difference between the cost of Macadam and brick as stipulated in the law. It was evident to everybody that the rate was too high and he moved a reconsideration and the fixing of the rate at 60 cents per square yard or $1 per front foot. The matter was referred to the Streets and Wharves Committee with power to act.

Mr. Karr said further that the law stated that amounts paid back by property owners as their proportionate share of the cost of improvement should be expended in further permanent improvements. There would be $6,000 or $7,000 coming back to the city from the Fourth street paving and he suggested, later putting it in the form of a motion, which was seconded by Mr. Moore, that the amount be applied with an extra appropriation of $4,000 to be asked from the Board of Audit and Finance to pave Third street, from Market street to the railroad with brick. Mr. Price favored including Dock, between Front and Second. Mr. Johnson bitterly opposed the proposition saying there was work to be done in Fifth ward and that it was a crying shame nothing had been done to Seventh street, where curbing had already been laid, and on Eighth street between Princess and Chesnut and between Market and Dock where a number of handsome residences had been recently built. Mr. Johnson said the money that came back from property owners could be used for macadam as well as brick, for he believed the Supreme Court would hold that one was as much a permanent improvement as the other. Alderman W. E. Yopp poured oil on the troubled waters by getting a motion through, referring the whole matter to the Streets and Wharves Committee to report back to the Board.

Upon recommendation of the Police Committee, the dismissal of Policeman D. W. Willis for unbecoming conduct at Fair Bluff while acting as a quarantine guard was made permanent. Upon recommendation of the committee Substitute J. M. Lord was elected to the force to succeed Mr. Willis. Alderman R. W. Price, it was stated, had gone to Fair Bluff and secured affidavits as to the officer's conduct, which warranted the dismissal. It was moved to pay Mr. Price $7, the cost of his travelling expenses to Fair Bluff but Alderman Brown objected, as he learned from another Alderman that Mr. Price had combined personal with official business on the visit. Mr. Johnson, in behalf of Mr. Price, upon objection, asked to withdraw the motion but it was finally passed, Mr. Brown voting in the negative. Mr. Price then arose and said he had gone to Fair Bluff solely for the purpose of getting the affidavits as he knew the people and the Police Committee seemed unable to get the sworn testimony. However, he didn't want the refund of his expenses but since the motion had been carried, he would donate the amount to the hospital.

Chairman Rathjen made a very complete report for the Fire Committee with reference to the purchase of a fire boat, which report the Star regrets it cannot publish in full this morning. It states that the Committee has inspected several boats and gasolene engines; that the appropriation of $2,000 is not sufficient to build a new and substantial boat of the best material, 50 feet long, 12-foot beam and install therein one of the city's reserve fire engines, the Atlantic. It will require a 25 H. P. gasolene engine to propel the boat 8 or 9 miles an hour. The committee, therefore, recommended an extra appropriation of $500, or so much thereof as is necessary to build a fire boat, the Board of Audit and Finance concurring. The extra appropriation was granted by the Board; also the recommendation that the contract for building the hull be awarded to Louis Wennerwald for $825 and to Capt. H. H. Hall for a Globe gasolene engine at $1,560 and all necessary fittings, tanks, etc., was approved.

Chairman King asked the Public Building Committee to look into the matter of building certain sheds for the protection of country carts at Fourth street and Fifth ward markets.

Chairman Johnson reported that the Water Committee was progressing with its investigation of a municipal water plant; several engineers had been corresponded with and one is expected here in a few days to look into the situation.

Chairman Price offered an ordinance, which was unanimously passed requiring all owners of cellars opening on the sidewalk to cover the same with stone, iron, brick, concrete or other material of like nature. The chief of police is instructed to notify all property owners and after December 1st a fine of $10 each day the ordinance is not complied with will be imposed for each day such property owner defaults.

The State "fire waste law" was presented by Alderman W. H. Yopp and a few of its intricacies were explained. The matter was referred to the Ordinance Committee and City Attorney for report. Applications for the position of building inspector under the ordinance were later read from J. H. Burriss, T. F. Tyler, F. A. Applegate and others but the matter was left open until next meeting.

George Haar was granted license to ratail liquor at No. 6 South Front street and J. E. Haar at 1101 Market street. J. N. Shepard was granted change of license from northeast to northwest corner of Eleventh and Market.

Application of J. H. Houston for reduction of license on circular distributors was referred to Finance Committee.

Petition of residents on Church street, near Front, for improvement of that thoroughfare, was referred to the Streets and Wharves Committee.

Request of Board of Health for five extra laborers, three extra carts and drivers to be used in removing weeds and trash from the streets, was granted.

Application of Messrs. Carpenter & Jewett to place box for storing gasolene in front of the Carpenter Grocery was referred to the Fire Commission.

The usual monthly reports of departments were ordered on file.

Negro Shot In Leg.

James H. Watters, colored, was shot in the leg at Seventh and Swann streets early last night and was taken to the hospital in the ambulance. Nothing could be learned from the police in regard to the shooting. No arrest was made, so far as could be learned.

Schools Opened Yesterday.

The city public schools opened yesterday with all teachers in their places and a largely increased number of pupils in all departments. The students will get down to work in earnest to-day and by the end of the week everything will be fully organized and in good shape.

The gain in new building and industry in North Carolina is greater than at any period in the State's history.. The North Carolina Home Insurance Company, of Raleigh, N. C., should receive its proposition of this prosperity as compared with the percentage of new business given to it in periods of less industrial activity. Give it the insurange on the desirable new properties you have to offer. It will help to build up our home State and continue the great era of prosperity now enjoyed by our people.

The Morning Star.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Tuesday Morning, October 3.

IT IS UP TO ROOSEVELT.

The Railroad Gazette is a New York publication on the magazine order and is devoted to railroad news and railroad interests. It is regarded as a reputable publication and what it has said heretofore has been considered as reliable. However, the Gazette published something a few days ago that is incredible and which must shock even President Roosevelt's knockers and certainly should appall his hosts of friends—if he is the President alluded to and the narative is true. Unless the Gazette has turned "yellow," a recent editorial in that publication is a revelation that will put it up to the President to explain. Here is a part of that remarkable editorial:

"The major-domo of the President of the United States communicated by long-distance telephone to a trunk line President the following information and request: The President, with certain officers and friends, desires to leave Washington on a date named for a trip through several States and stopping at specified cities. For this purposehe wantsa train, and suggests for his own use a certain private car which he has already used and which suits him. He would also like to have a certain porter, name given, who had served him before and whom he liked. A list of special supplies for the dining car, in addition to the ordinary commissary, was also submitted. The railroad President assured the President's representative that a plan would be immediately prepared in full detail and forwarded by mail.

"This was done without delay. The special private car asked for was at the time in far distant service, and therefore unavailable, but it happened that quite an exact duplicate could be put at the President's disposal Neither was the particular porter to be had. Circumstances had led to a transfer of his racial volatilities to another sphere of service and entertainment. With these exceptions a schedule was made in full detail, giving arrival and leaving times and complying with all of the President's suggestions.

"The last sentence in the communication informed the major-domo that a nominal charge of $50 a day would be made for this special train, fully officered and provisioned. It was really a 'nominal' charge, being less than cost. Nevertheless it produced an immediate reply and protest—by telephone: There was no authorized appropriation of public funds for such an expenditure, and the President could not possibly afford to pay it from his private purse. Unless the service could be furnished gratuitously it would not be acceptable.

"Railroad presidents are not hard bargainers with powerful rulers, and in this case the reply was cordial and reassuring—no charge would be made for the service. But the itinerary covered many hundreds of miles of travel on other roads, and the officers of these other roads, not dealing with the Presidential party, found an easily understandable pleasure in sending to the trunk line President their several bills for hauling the Presidential train over their lines. The bills were paid, but some of the letters accompanying them were unanswered."

The Gazette doesn't name the particular President whose major-domo did the thing mentioned but reading between the lines and strong circumstances point to President Roosevelt as the President referred to. The article was shown to President Roosevelt at Oyster Bay and a dispatch from the President's home to the New York Herald, which paper was seeking to learn if the charge was true that the President accepted free transportation from the railroads of the country, stated briefly that the Herald's request for a reply "is obviously unanswerable by the Administration." It is hard to understand what the dispatch means—whether the charge was really unanswerable or whether the administration wouldn't stoop to answer such a charge. The latter is to be inferred, of course, but there are millions of American people who think the charge is sufficiently grave for the President to take some notice of it. The New York Times, Independent, thinks so, and on Sunday an editorial in that great American newspaper says:

"The charge is much too serious to be left unanswered. There must be an answer, and we have little doubt that it will satisfactorily exculpate the President. The public has not forgotten the semi-official statement made in Washington some weeks ago that the President would not accept free transportation from the railroads. That statement was understood to relate to past as well as future time. It has not been disclaimed—indeed, it was understood to have emanated from the White House. That announcement is altogether incompatible with the charge now made by the Railroad Gazette."

"We regret that the Railroad Gazette has not felt called upon to be somewhat more specific. What President of the United States is referred to in its article? Doubtless Mr. Roosevelt is meant, for the article refers to speeches he has made upon certain topics which have come to be considered peculiarly his own. But the name of Mr. Roosevelt is not mentioned. What trip of the President was it for which payment was refused by his 'major-domo?' What was the great railroad system whose President had to foot the bills? Was it the President's trip to the South and West last Spring, and was it Mr. Cassatt of the Pennsylvania Railroad who was called up by Mr. Loeb on the telephone?

"We should suppose that a denial would be promptly forthcoming. That is the only satisfactory answer. It is the answer the people will expect, for they have not been accustomed to look upon their President as a deadhead, in anything. They will be most reluctant to believe the charge. If through any blundering, any blunted sense of propriety on the part of those who make arrangements for his frequent trips, the railroads have been asked to carry him and his parties over their lines for nothing, a check to the order of the railroad president who paid the bills would be a tardy answer, but reasonably satisfactory; at least, it would be the only answer now possible. Some answer to the charge will, of course, be made."

Perhaps President Roosevelt is slandered because his "major-domo" was some irresponsible individual who made the arrangements and didn't acquaint him with the circumstances. Maybe the whole thing will be shifted to the shoulders of the "major-domo," and then maybe the Railroad Gazette can't make good its very grave charge.

CURRENT COMMENT.

—Mrs. Jawback—Get right away from here, you nasty tramp, or I'll call my husband. Oliver Mudd—G'wan! Yer husban' ain't to home. Mrs. Jawback—How do you know? Olive Mudd—Husbands of women like you are never to home, 'cept fer meals.—Cleveland Leader.

—There is a typhoid fever epidemic at Nanticoke, Pa., and the State Board of Health has ordered that all chickens, ducks and geese in the town be quarantined and not be permitted to run at large. This seems to be a new move in the methods of fighting typhoid fever.—Charlotte Chronicle.

—Ezra Thompson, who is making a spectacular race on a citizens' ticket at Salt Lake City in opposition to the Mormon church, says the Mormon hierarchy owns the machine of both the old parties in that city. As the Memphis Scimitar would say, much after the fashion of the Louisville and Nashville railroad in Tennessee.—Chattanooga Times.

—Ladrone is defined as a thief; a robber. Secretary Taft says there seems to be a wave of landronism sweeping over the Philippines just now. Something of the same sort of wave is sweeping over this country, too, judging from the daily reports as to private, corporate and governmental rascality. There seems to be some assimilation in that.—Columbia Record.

—In the excitement about the Farrington case, the fate of Wesley Smith, and the printers' strike don't let us forget our good friend, Baron Komura. The baron, after being attended by Dr. Pritchard, a North Carolinian, has now sufficiently recovered to be getting ready to leave to-day for Japan where it is uncertain whether or not he will be stoned to death.—Greensboro Telegram.

—By the way, in blaming the government for what has been done by drouth and locusts, the Filipinos are just as logical as the Republican party was in blaming the Democrats for the depression which existed in the United States during Mr. Cleveland's second term. Secretary Taft had better be cautious in handling that phase of the Philippine problem.—Norfolk Landmark.

—From an ethical standpoint Mr. Townsend, former assistant attorney general, completely justifies himself for the severance of his relations with that office in the midst of a railroad merger suit. We agree with the Spartanburg Journal that criticism otherwise is not justified, because United States Judge Pritchard has thrown out a similar case from the courts. The Anderson Mail made much ado about nothing.—Columbia Record.

Subsequent evidence in the case of Mrs. Shepherd K. Smith, the Manchester woman who was sentenced to five years in the penitentiary for beating her child to death, establishes a miscarriage of justice which the press of the State at the time believed to have occurred. The cruel woman should have gone to the penitentiary for life, at least, and it looks as if she richly deserved hanging. She was saved from her just punishment by the skill of a shrewd lawyer.—Norfolk Landmark.

—Although Michigan peaches are quoted at $1 and $1.25 a bushel in the New York market, the farmers of Western Michigan are dumping peaches into marshes to rot. The uncertain price in the Chicago market makes it unprofitable to pay freight and leave the fruit at the mercy of the commission men. While the people of the large cities pay excessive prices for fruit the farmer gets only a trifling price for what he sells. The extortionate profits are divided between the railroads and the commission men.—New York World.

—Miss Tennis Scott, teacher in a Virgina county school, has been fined $50 and sentenced to 90 days in jail, for beating a little girl. The accusation is that the little girl had just entered school, being only seven years old, and through diffidence refused to go on the platform to recite. Miss Scott sent away the other students and, closing the doors, beat the child so that for several days it was thought the injuries would prove fatal. The school teacher is "the daughter of a prominent family," and was spirited away to escape the penalty of the law. However, requisition will be made for her. It has been noted in some recent cases, from Cluverius down, that Virginia justice seldom miscarries.—Charlotte Chronicle.

THE COTTON MARKET.

New York, October 2.—The cotton market was active and irregular, decided weakness during the early session being followed by partial recoveries after the publication of the ginners' report. The close was steady at a net decline of 2 to 10 points. Sales were estimated at 600,000 bales. The opening was steady at an advance of three points to a decline of one point but the general list soon yielded under bear pressure and liquidation inspired by lower cables, October notices, and expectations that a bearish ginners report at midday would be followed by a bearish bureau at noon tomorrow giving the October condition of the crop. October was relatively heavy all the session and on the forenoon break declined to the lowest level it has touched since last July or around 10.16, some 18 points below Saturday's finals. Other months were 12 to 14 points net lower and following the census report, which was not so bearish as expected, there was a rally to within a point or two of Saturday's finals. Later quotations were irregular with October continuing relatively easy and sentiment nervous in view of uncertainty as to the interpretation placed upon the ginners' report abroad and tomorrow's crop report.

Receipts of cotton at the ports today were 56,646 bales against 53,812 last week and 73,575 last year. For the week (estimated) 325,000 bales against 293,523 last week and 402,569 last year. Today's receipts at New Orleans 2,270 bales against 12,821 last year and at Houston 17,668 bales against 19,523 last year.

DOING THEIR DUTY.

Scores of Wilmington Readers are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follows:

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all

Policeman R. E. Smith, who lives with his family at 213 Boundry street, Goldsboro, N. C., says: "I have used Doan's Kidney Pills and have been very well pleased with them. They did me so much good that we decided to try them on our little boy who seemed to be suffering from a weakness of the kidneys. He could not hold his urine and we have had to lift him out of bed several times a night or he would pass it in his sleep. Since giving him the pills we have been entirely relieved of this annoyance. My trouble was with my back. I always had a pain right across the small of it, and the secretions were dark colored and heavy with sediment. Since I used the pills my back is much stronger and does not ache at all and the urine has been cleared up to a natural condition. I certainly advise all sufferers from kidney troubles to try them."

Plenty more proof like this from Wilmington people. Call at R. R. Bellamy's drug store and ask what customers report.

Coal -- Wood -- Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on them get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

SPIRITS TURPENTINE.

—An unsuccessful attempt was made one night last week by three men to enter the Whiteville Postoffice. The would-be robbers were discovered by Night Watchman W. C. Clifton and were frightened off before anything was accomplished.

—Fayetteville Observer: "By order of the Board of County Commissioners, Sheriff Marsh has levied on property of the Armour Packing Company, in this city, for taxes due the city for the past four years, amounting to $250 in all. The property will be sold October 5th."

—It was confidently expected that the dose given the Sophomore class at the Agricultural and Mechanical College at Raleigh, by the expulsion of two of its members, had ended that trouble, but there was a fresh outbreak last week and as a result five students are on the point of dismissal.

—Whiteville News: "We are glad to see that many of our farmers are holding their cotton for the minimum price made by the Southern Cotton Association at the recent meeting held in Asheville. Some little cotton is being sold to settle fertilizer bills, but the bulk of the crop is being held. Many say they are going to hold for 12 1-2 cents."

—Hendersonville Hustler: Dr. J. G. Waldrop, who is sufficiently informed to know that he is talking about, says that of the more than 9,000 visitors in Hendersonville the past summer not a single death has been reported and not serious illness. Isn't this a record of which the city should be proud? Looks like the physicians and undertakers will be forced out of business in this city and flowery land of ours.

—The Chicora Chapter of the Daughters of the Confederacy, of Dunn, will furnish one room in the new dormitody of the Soldiers' Home at Raleigh. The room is to be named "Chicora," in honor of the sleeping Confederate soldiers buried at Chicora cemetery. The Daughters there are making elaborate arrangements to give an entertainment on the evening of October 31st, or Hallowe'en, for the benefit of furnishing the room in the Soldiers' Home.

—Whiteville News: "There is quite a mad dog scare in Whiteville and Western Prong sections at present. Some two weeks ago one was killed on the Prong, and since that time a half dozen, or more, than either showed signs of hydrophobia or were suspected of having been bitten, have been killed in that section. On last Sunday a mad dog was killed in Whiteville by E. A. Maultsby, but not until it had bitten several dogs in town, Mr. Maultsby had two very fine bird puppies that were bitten, and they were immediately killed."

—In August revenue officers seized four barrels of brandy in Gates county, and sent it to the depot to be shipped to Collector Duncan at Raleigh, but the night after the seizure the brandy was stolen from the depot wareroom and removed to parts unknown. Several days ago Officers W. G. Martin and D. C. Downing, of Fayetteville, located the brandy in an old barn on the premises of an old colored man by the name of Daniel Ballard and found that eighteen gallons had been taken from the barrels while in hiding. Now the question is who stole the barrels and who stole the brandy?

—A dispatch from Mebane on Friday says: The Panama Canal Commisston has awarded to the White Furniture Company a duplicate order and within a short time another solid train load of furniture consigned to the scene of operations on the Panama Canal will leaves the great factory of the White Furniture Company here. This is the second time in the history of the country that a solid train load of furniture has been shipped in one order from a Southern factory. The White Furniture Company has just completed the largest dry kiln in the South. It is built of concrete and the huge concrete brick were made here by Mr. B. A. White.

—Fayetteville Observer: "Mr. J. A. Oates returned this morning from the prosperous little town of Raeford, which is partly situated in Cumberland and partly in Robeson counties, where last night he delivered an address to the students of the Raeford Institute. Mr. Oates says that Raeford is showing much progress, and that the citizens of that place are now organizing a company for the erection of a big cotton mill, with a capital stock of $125,000. Already $80,000 of the stock has been taken. Best of all, the factory is to be erected on the Cumberland side of Raeford. With the Flora Mills soon to be erected here, this will make eleven big cotton mills in the county.

—Charlotte Observer: Mr. Samuel W. Pettus, the painter, had the misfortune a few days ago of losing his hearing. He, with a force of employes, was engaged on a job in Salisbury, and he thinks it was ammonia that destroyed his hearing. He was opening a can of ammonia, such as is used to take old paint off a surface, and when the can came open suddenly the fumes almost staggered him, and after that instant he could hear nothing. Mr. Pettus is nearly 60 years old and healthy and strong. His hearing had never troubled him. After the accident he came immediately home and consulted a specialist, who says that there is some hope of recovering the sense in a small degree.

—Whiteville News: "On last Friday, through their attorneys, Lewis & Schulken. S. E. Lewis and Seth L. Smith filed a complaint before L. W. Stanley, Clerk of the Superior Court of Columbus County against the Greensboro Life Insurance Company, of Greensboro, N. C., for the recovery of notes given said company in payment for insurance policies, alleging that the notes were given to agents of said company upon representations made by him which representations Messrs. Lewis and Smith say were false. Messrs. Lewis and Smith are not fighting the matter because of any apprehensions they have as to the safety and reliability of the Greensboro Life Insurance Co., but because of alleged misrepresentations of the agent who secured their applications and notes."

—A dispatch from Greensboro on Sunday says: Upon complaint of a woman giving her name as Lula Durham and her home, White Oak, a warrant was issued last evening for the arrest of J. Martin Elliott on the grave charge of criminal assault. The plaintiff alleges that Elliott followed her from White Oak to the city on a street car, that she went to the depot to meet some one coming in on the southbound train yesterday afternoon, that after the train arrived he offered to take her home in a buggy and that before reaching White Oak he assaulted her. The police have been looking for Elliott, but have not yet located him. He has been engaged in soliciting subscriptions for the Industrial News for several days. No one seems to know very much about him. The police do not give very much credence to the woman's story.

—Charlotte Observer: The Observer has advertised for young printers to go to the Mergenthaler Linotype School in New York to learn the machine and how to operate it. There have been many applications and four of the applicants have been accepted These are Messrs. J. F. Babington, of Shelby; Daniel Lamont Bost, of Newton; J. P. Booker, of Cherryville; and D. C. Rose, of Albemarle. They will leave to-morrow for New York. The paper will provide for their transportation both ways, their board and lodging while there, and their instruction. When they shall have completed the course they will come to its service as non-union operators for such length of time and at such compensation as may be agreed upon but which will surely afford them more than a living for the outset. At another time we may send another class forward, but these are all for the present.

—An Asheville dispatch says: Prof. A. Ono, of Tokio, Japan, who has spent the summer in Asheville as instructor in the Japanese methods of jui-jitsu, and who won and lost a wrestling match under the jui-jitsu style of wrestling, has gone to New York where he will spend some time. Professor Ono, it is learned, has decided to adopt the American method of wrestling and his stay in New York will be for the purpose of training under one of the best instructors in the land, and it is said to be Prof. Ono's purpose, a purpose characteristic of the little brown men of the Orient, to master the American art of wrestling and then challenge Prof. Olsen, at whose hands he met defeat, for another mat exhibition. Prof. Ono has many admirers in Asheville and likewise many friends, and it is conceded that when he has finished his course in the modern or American style of wrestling, and casts aside his jiu-jitsu jacket he will give Prof. Olsen or any other American or English wrestler their money's worth on the mat.

RELIABLE INFORMATION.

From Our Local Druggist, Robert R. Bellamy.

We want the people of Wilmington to know that we believe the most valuable preparataion of cod liver oil—the best tonic, reconstructor, health-restorer and strength-creator known to medicine to-day, is Vinol.

Vinol, be it understood, is not a patent medicine, as everything it contains is named on the back label of every bottle. We guarantee Vinol contains in a concentrated form all of the medicinal curative and body-building elements of cod liver oil actually taken from fresh cods' livers but without a drop of oil to clog the system, upset the stomach and retard its work. This is why Vinol is so far superior to old fashioned cod liver oil and emulions.

We do not believe there is a man, woman or child in Wilmington whom Vinol will not benefit at this season of the year.

Vinol has become so well known and so highly regarded by the profession that it is actually guaranteed by over two thousand leading druggists of the United States to create health and strength for old people, weak, sickly women and children, nursing mothers, and after a severe sickness and for hacking coughs, chronic colds, bronchitis and all throat and lung troubles, also to create an appetite and make those who are thin, fat, rosy and healthy. Try Vinol on our guarantee. It costs nothing if it fails. Robert R. Bellamy, Druggist.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Full of Tragic Meaning.

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At R. R. Bellamy, druggist; guaranteed; 50c and $1.00. Trial bottle free.

Don't Borrow Trouble.

It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, billiousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of debt disease. At R. R. Bellamy's drug store. Price 50c. Guaranteed.

Plans to Get Rich

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promtly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At R. R. Bellamy drug store; 50c and $1.00; guaranteed. Trial bottle free.

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family,' writes G. J. WILMINGTON, N. C.

PRESIDENT SPENCER REPLIES TO CHANDLER

Denies That He Used Jim Crow Argument to Defeat Endorsement Government Rate Making.

(Special Star Telegram.)

Washington, D. C., Oct. 2.—Mr. Samuel Spencer, president of the Southern Railway Company, said today when the recenty published extracts from ex-Senator Chandler's letters to the Inter-State Commerce Commission attacking him were called to his attention:

"I have not seen the letters, but I have seen the extracts. Mr. Chandler seems to have made a lengthy stump speech from a very small text. Neither the Jim Crow cars as used in the South nor his interview of May 28th, have ever been in any sense a factor in connection with the proposed rate legislation of last winter.

"The railways have not resorted to tricks, as indicated by Mr. Chandler in opposition to such legislation. All that the responsibile railway managers of the country have done, since the discussion of this all important question was precipitated by the Presidents' message of December last, has been to insist upon the thorough presentation to Congress and to the public of all the material facts and conditions involved in the problem. In all the discussion, before Congressional committees, in the press and elsewhere, no substantial reasons have been advanced in support of the claim that the rate-making power should be granted to the Inter-State Commerce Commission, or to any governmental tribunal. On the other hand, most sober minded business men and students of transportation have pointed out the grave dangers to the industrial interests of the country which would arise from the revolutionary proposal to fix the income of the railways through such legislation as is proposed. All fair statements of facts which will aid the public to understand the transportation question are seldom, but Mr. Chandler's letters apparently contain no such facts. I am sure that neither the railway managers nor the members of Congress, nor the public, will be diverted from the merits of the question by baseless statements or insinuations as to the motives and methods of those who have frankly put forward what they believe to be solid reasons against such enactment.

"The sessions of both the committees of the House and Senate were open to Mr. Chandler, and the forum of public opinion is still open to him, if he has arguments to present, and if he presents them it will be time enough to answer him. In saying that I defeated by the Jim Crow car argument Mr. E. B. Pike's efforts to have the Manufacturers' Association endorse the proposed legislation of last Winter, Mr. Chandler makes a direct charge of the untruthfulness of which he could easily have satisfied himself by reference to the printed records of all that I said at the meeting of that association in Atlanta on May 17th. The Jim Crow car argument was not to my knowledge used before that convention at all, certainly not in my hearing and presence, and I have never used it or referred to it as an argument there or elsewhere."

REVENUE FRAUD CASES ON AT GREENSBORO

By Wire to The Morning Star.

Charlotte, N. C., Oct. 2.—A special to the Observer from Greensboro says that special interest attaches to the term of the Federal Court begun today by reason of the fact that over 90 cases involving revenue officers are to be tried the most of which are the cases against G. W. Samuels, R. H. Hardin, Starkey Hare, L. S. Davis, G. H. Walker, J. W. Hasty and A. C. Bryan, former revenue officers charged with conspiracy with distillers to defraud the government out of large sums of money. These men were indicted at the recent special term of Federal Court at Greensboro and are all out under heavy bonds. The town is filled with lawyers, witnesses and defendants. No cases tried in this State in years have elicited as much interest as these.

In his charge to the grand jury, Judge James E. Boyd took occasion to sharply reprimand the sheriffs of Wilkes, Davidson and Forsyth counties for allowing Federal prisoners undue privileges saying that Federal prisoners were no better than State prisoners.

The most important case disposed of today was that against D. L. Arey, a wealthy Salisbury distiller, who was sentenced to pay a fine of $22,000 and serve a sentence of three months in prison. He was convicted at the June term of court in Charlotte. Arey appeared and voluntarily surrendered himself and left tonight for Salisbury to serve his sentence. He took with him $22,000 the amount of the pudgment against him and will also pay tomorrow a fine of $200 and costs, amounting to over $1,600, making altogether over $24,000 which this defendant pays to the government. Desperate efforts were made by Arey's friends to have execution in this case stayed but without avail.

A case against W. B. Lucas for illicit distilling was called but the defendant failed to respond and an instanter capias was issued for him.

The defendants in the conspiracy cases are represented by the State's most brilliant lawyers, among the number being Judge S. B. Adams, Judge W. P. Bynum, Congressman E. Spencer Blackburn, Cyrus B. Watson, J. W. McNeill, ex-Governor C. B. Aycock and L. H. Clement.

Wednesday the case against N. Glenn Williams, one of the largest distillers in the State, will be taken up.

MR. ROOSEVELT DEFIES FEVER

President Decided Yesterday to Pay Visit to New Orleans October 26

TOUR SOUTH REARRANGED

Will Make Crescent City Final Stopping Place and Will Return Thence by Water to Washington—New Orleans Gratified.

By Wire to The Morning Star.

Washington, Oct. 2. — President Roosevelt will go to New Orleans despite the yellow fever epidemic.

This official announcement was made at the White House to-day by Secretary Loeb after a conference with the President at which the arrangements for Mr. Roosevelt's trip through the South were completed finally.

In order to avoid any complications over the quarantine regulations of the various States in the South, the President has decided to make New Orleans the final stop on his trip. He will be in New Orleans on the 26th instant. After the ceremonies in that city he will board a cruiser of the Cleveland type, and make the journey from New Orleans to Washington by water. He is expected to arrive here either on the 30th or 31st instant.

In the making of these new and definite arrangements, it was found necessary in part to re-arrange the initenerary as it had been made in a tentative way. The President will leave Washington on the 18th instant. As far as St. Augustine, Fla., the trip will be made as previously arranged. From St. Augustine, the President will go to Mobile instead of Birmingham as previously scheduled, thence to Tuskegee and Birmingham. From Alabama he will go to Little Rock, Ark. There the party will be disbanded, the President and Secretary Loeb going to New Orleans for the ceremonies in that city on the 26th instant, and the remainder of the party returning from Little Rock to Washington. It has not been determined definitely yet what vessel the President will use on his return trip to Washington, but it probably be the Cleveland, Tacoma or Galveston. In deciding to come to Washing by sea, the President was influenced by his desire not to come into conflict in any way with the quarantine regulations of the Southern States.

Two weeks ago he intimated that he might solves the difficulty in this way, but the matter was not settled definitely until to-day.

New Orleans Gratified.

New Orleans, Oct. 2.—The announcement of President Roosevelt's decision to visit New Orleans on his forthcoming trip to the South, caused much gratification here to-day and it is regarded as certain to give fresh stimulus to the fight now in progress to drive oue the fever before the end of the present month. The President's refusal to be swayed by the fear of personal risk, which so many influences have pressed upon him, has further commended him to the people of Louisiana, and there is on every side a disposition to make his reception markedly cordial.

Mayor Behrman said to-day that the arrangements for the reception would be pushed with enthusiasm and that he felt confident that the President would find himself as safe in New Orleans on October 26th, as is he were then in his own home. If he desires to do so during his brief stay, the President will be permitted to visit the Emergency Hospital, which Dr. White and his associates of the Marine Hospital Service regard as perhaps the place in the city most certainly proof against the danger of infection. It is expected that when he comes, the President will desire to visit Dr. White and learn from him personally something about the struggle that has been so successfully carried on and Dr. White will take the opportunity to extend an invitation to visit the hospital.

RECEPTION AT Y. M. C. A.

Delightful Affair at Association Last Night—Announcements.

The opening reception at the Y. M. C. A. last night under the auspices of the Ladies' Auxiliary and the Social Committee of the Association was every whit a success. All departments of the large institution appropriately decorated and well lighted, were thrown open to the public and more than 300 persons thoroughly enjoyed the evening. The hours were from 8:30 to 11 o'clock.

Hollowbush's Academy Orchestra furnished excellent music for the occasion, the orchestral selections having been supplemented by the Acme Male Quartette, of Fifth Street M. E. church, and Miss Rena Mills and Mrs. F. A. Muse who rendered a duet with delightful accompaniment by Mrs. Chasten.

Other features were the reading of the annual report of General Secretary Chas. Dushan by Dr. W. C. Galloway and an appropriate address by Rev. R. W. Hogue. Dainty refreshments were served by the ladies after the exercises.

COTTON GINNERS' REPORT.

Government Figures 1905 Crop at 2,358,031 Bales.

By Wire to The Morning Star.

Washington, Oct. 2.—The census bureau to-day issued a bulletin showing the quantity of cotton ginned from the growth of 1905 to September 25th to be 2,358,031 bales. These figures were compiled from telegraphic reports of special agents of the bureau who have canvassed the ginneries of the various States and territories and the report is one of a series which will be issued regularly hereafter until the completion of the ginning of the crop of 1905.

The report is earlier than that made in 1904, rendering comparison impossible. The report by States gives the following results: Alabama, 330,308; Arkansas, 9,352; Florida, 18,864; Georgia, 600,212; Indian Territory, 14,695; Louisiana, 44, 794; Mississippi, 98,617; Missouri, 245; North Carolina, 121,243; Oklahoma, 8,825; South Carolina, 329,882; Tennessee, 3,255; Texas, 777,446; Virginia, 253.

In this report two round bales have been counted as the equivalent of one square bale. The number of round bales is 72,196.

ALMOST LYNCHING IN NEW YORK CITY

For Bigamy and Grand Larceny Frederick E. Carlton Goes to Penitentiary for 19 Years.

By Wire to The Morning Star

New York, October 2.—Frederick E. Carlton, who was convicted of three charges of bigamy and one of grand larceny in Brooklyn, was today sentenced to an aggregate of 19 years in the State prison. On the first indictment that of marrying Mary Gorman while his first wife was alive, sence was suspended. For marrying Mary J. Smith while he had another wife living, a sentence of five years was imposed, and for bigamy in marrying Lulu Kettering, of Rochester, a sentence of four years was given. On the charge of grand larceny in drugging and robbing Henry Schwab, a machinist in the United States navy, Carlton was sentenced to ten years.

Carlton's counsel made a plea for leniency because of Carlton's ill health and said a long sentence would mean practically a life sentence.

Judge Aspinwall was most bitter in his denunciation of the prisoner's crimes and said he was convinced that the prisoner attempted murder when he robbed Schwab. Continuing Judge Aspinwall said:

"You are at heart a villian, a murderer, a swindler and a thief, and I am sorry that I cannot send you to the electric chair. Just remember that your mother was a woman, but you played with the love of women, and when you were through with them you turned them out into the world with their shame upon them. You are one of the most dangerous men in the country."

As he left the court room after this denunciation, Carlton was met by a young woman who called him by name and began to weep exclaiming:

"What the judge said was all true."

Carlton laughed in the young woman's face and passed on. When outside the building he was mobbed by a crowd of men, many of whom had once been his neighbors but who then tried to strike him. The mob numbered fully 500 and the deputies who guarded Carlton, being handcuffed to him, had great difficulty in saving him serious injury. They ran with the prisoner to a street car and in this manner escaped from the mob.

COTTON LEAK PROSECUTIONS.

New York Broker Put in Jail—New Indictments.

By Wire to the Morning Star.

Saratoga, N. Y., October 2.—Frederick A. Peckham, of New York, who is under indictment in connection with the cotton report scandal was today brought before United States Commissioner Charles M. Davison and surrendered by his bondsmen. Peckham was placed in custody of a deputy United States marshal who has a commitment which requires Peckham to secure further bail or in default of it to go to jail.

Peckham later was committed to the county jail at Ballston.

Washington, October 2.—The Federal grand jury today reported new indictments in the cotton report leakage case against Edwin S. Holmes, Jr., former associate statistician of the Agricultural Department, Fred. erick A. Peckham and Moses Haas of New York. They cover the same ground as the old indictments but are believed to be more specific and have been prepared with greater care. The indictments were prepared at the instance and with the co-operation of former District Attorney Beach now holding the position of special attorney for the Department of Justice in the cotton leakage cases.

SMITH PAID DEATH PENALTY.

Man Fifty-Six Years Old Hanged for Assaulting Girl.

By Wire to the Morning Star.

Marshal, N. C., Oct. 2.—After execution had been twice stayed pending the further investigation of his case, Peter Smith, of Madison county, who was condemned to death for criminal assault on Eva Suttles, a 16-year-old of the same county, was hanged in the prison yard of this city to-day. Smith first mounted a platform erected above the walls of the prison yard and facing twelve hundred citizens declared he was innocent of the crime. This was the first hanging held in Madison county for thirty years. Smith was a white man and was aged 56 years.

BOND STEAL CLEARED UP

Henry Leonard, Trusted Clerk In Prominent Banking House Confesses to Deed

ALL SECURITIES RECOVERED

Young Man Says He Comitted Forgery and Carried Out Scheme To Show How Easy It Could Be Done.

By Wire to the Morning Star.

New York, October 2.—By the confession of Henry A. Leonard, a young clerk in the employ of Hall & Steiglitz, brokers, at No. 30 Broad street, the mystery of the robbery on Wednesday of $359,000 worth of securities from the National City Bank was cleared up today. Leonard, who lives with his parents at No. 586 east 136th street, was arrested yesterday and kept in close confinement while the detectives continued their search for the missing securities, every dollar of which was recovered today.

The prisoner is only 24 years of age and had previously borne the reputation of an industrious and thoroughly reliable clerk, made the astounding statement in his confession that he had planned and carried out his scheme of forgery and robbery, not from any criminal motive, but solely to show by what a simple device the elaborate safeguards of New York banks could be set at naught. That this statement is true is in a measure corroborated by the facts in the case and is the belief of the young man's employers by whom he was highly esteemed.

Soon after the theft Leonard mailed a package containing $300,000 in securities to the residence of Dyer Pearl, senior member of the firm of Pearl & Co. by whom they were owned. The package was received by Mr. Pearl yesterday. Today Leonard's remaining $59,000 in stocks and bonds which he said had been found in a wardrobe in his house, where his son had said after his arrest, he had secreted them. The first clue that led to Leonard's arrest was obtained when the detectives traced the rubber stamp maker, whom Leonard had employed to make the imitation certification stamp used on the checks he presented at the National City Bank. As a model for the stamp he gave the maker an old certified check bearing a fragment of the signature of Halle & Stieglitz and also a memorandum in his own hand which was identified by fellow clerks.

Leonard was held in the tombs police court in $50,000 bail for further examination. On leaving the court room on his way to prison, se said, in response to a question "I did it on a bet."

Leonard had been for several years a trusted employe of Halle & Stieglitz and lived quietly with his mother in Harlem. Leonard told the police today that he conceived the idea of the theft some three or four months ago and had been planning during that time to execute it and show how easy such a scheme could be practiced on the banks of New York. On the 26th of September, he said he found four blank checks on the Hanover National Bank. That was in the forenoon. Later, in the same day, he said, he was in the corridor of the National City Bank and among the men waiting in line he saw a man holding in his hand an envelope marked "300,000 4 1-4 per cent." on the envelope. He said he heard the loan clerk tell the messenger that the interest was 4 1-2 per cent., and not 4 1-4. Then, he said, the messenger departed.

Leonard then had his cue and went to the Bowery and there ordered a rubber certification stamp, but before doing so, he cut out the certificatior of an old check from which the stamp was to be copied. After he secured the stamp he filled out the body of the check drawn on the Hanover National Bank. Then he said he went to Wall street and hailed a passing boy and asked him if he knew where the National City Bank was. The boy said he did not. Leonard said to him "Take this check to No. 52 Wall street and hand it to the loan clerk."

Leonard meanwhile stood opposite the custom house and saw the boy take the package and come out with the securities. Leonard said he took the securities to his house at 586 east 136th street and with no delay put them in a wrapper, affixing the necessary stamp and took them to a mail box in the neighborhood of West 92nd street and mailed them to Dyer Pearl, of 34 West 73rd street, who is a member of the firm that owned the securities. There were, however, only $300,000 worth of securities in the package which were received safely the next day by Mr. Pearl. There were $59,000 of securities missing, and Leonard explained that by saying that to have enclosed them all in a package by mail would have made the package too bulky, and he therefore kept them out and only mailed $300,000 worth.

It was reported today that Leonard was engaged to Miss Lulu Schrader, daughter of Park Commissioner Schrader, of the Bronx Borough. Commissioner Schrader said that Leonard had called at his home frequently but that there was no engagement between the young people so far as he knew. He declared that he believed Leonard was honest and that he would aid him in any way he could.

IN THE SUPERIOR COURT.

No Cases of Interest Yesterday—Battery Island Entry.

A two-weeks term of New Hanover Superior Court for the trial of civil suits convened yesterday, Judge W. R. Allen, of Goldsboro, presiding by exchange with Judge Council, who left Sunday to hold court at Hendersonville, N. C. Yesterday's proceedings of the court were not important, only three uninteresting divorce cases having been disposed of. They were Nixon Moore vs. Catherine Moore, Addie Taylor vs. Wm. Taylor, and Phoebe Hall vs. Walter Hall. Other cases of of the same kind on the docket yesterday were continued. Only cases of trifling importance are set for to-day, but at 3 o'clock this afternoon the motion docket will be called.

Court met at 10 o'clock yesterday morning and the jurors returned by the sheriff were as follows: J. G. Kuhlken, D. W. Willis, F T. Skipper, John McEntee, Pete Mohr, F. R. King, Geo. H. Hutaff, R. F. Warren, J. L. Sallings, J. N. Fennell, L. O. Ellis, Wm. L. Mallard, E. P. H. Strunck, S. W. Merrell, F. W. Huhl.

Messrs. C. O. Byerly, C. L. Glover and Stewart L. Bowen were not found. Messrs. D. W. Willis, Geo. H. Hutaff and J. L. Sallings were excused.

In the case of F. B. Ulliory and C. R. Gleason, assignee, protestants against the land entry of Battery Island by Maj. W. A. Guthrie, an order was made giving Iredell Meares and C. Ed. Taylor, Esqs., until November 1st to file power of attorney. Messrs. Davis & Davis appear for Maj. Guthrie.

Fire This Morning.

The alarm of fire from box 35, Ninth and Chesnut streets, at 3:30 o'clock this morning was on account of a blaze in the residence of Mr. Land, proprietor of the Wilmington Business College, on Princess, betwee Ninth and Princess streets. The building is owned by Col. Jno. L. Cantwell and the entire loss will be about $500. Mr. Land and family are out of the city and the house was unoccupied. The origin of the fire is unknown, but will be investigated by Chief Schnibben to-day.

TO SAVE NEGRO FROM BURNING

Troops Ordered to Scene of Texas Murder Horror.

By Wire to The Morning Star.

Houston, Texas, October 2.—Governor Lanham tonight took positive action and ordered two militia companies from Houston to Edna. The orders were secret. The latest reports from Edna are that the negro Monk Gibson has not been caught, though the trailers are still confident.

It is believed that the officers may have the negro in hiding and that the troops have been sent to escort Monk Gibson to Houston where is a mob-proof jail. Adjutant General Hulen has ordered a special train for himself and has gone from Austin to take command.

GLENN FOR PROHIBITION.

Significant Utterances in Speech Opening W. C. T. U. Convention.

Special Star Telegram.

Raleigh, N. C., Oct., 2.—Governor Glenn in extending a welcome on behalf of the State to the twenty-third annual convention of the North Carolina Women's Christian Temperance Union declared that in his opinion the time has come when the question of prohibition should be submitted to the people throughout the State; that he is convinced from his observation on his recent trip through New England that prohibition does prohibit and he hopes to see the "accursed stuff" wiped out of the entire State. He said that as for himself he "burns the bridge behind him" and "stands squarely with the great temperance forces to drive the hideous monster of intemperance out of the State."
